Bream Creek Vineyard

◊ T A S M A N I A ◊

Bream Creek Vineyard is one of the pioneers of the modern Tasmanian wine industry. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape variety Schönburger in the southern hemisphere. Since 1990 our premium cool climate wine has been rewarded with 31 trophies and more than 740 show medals.

2016 Bream Creek Estate Pinot Noir

Tasting Note

Vintage 2016 was simply spectacular in Tasmania. Perfect growing conditions provided the ideal platform to grow fruit that was of excellent quality, with fantastic balance between flavour and physiological ripeness.

This cool climate Pinot Noir has a generous cherry and spice nose and an intense palate of dark and red cherries, blue fruits and hints of raspberry, supported by fine grained tannins. Enjoyable now, this wine may also be confidentially cellared.
