How Does the Wine Club Work?

Your selected wine deliveries will be sent around the start of March, June, September and December (for the “Quarterly” option) or around the start of June and December (for the “Half Yearly” option).

You will be sent a mixed selection of your chosen wine type personally selected by Fred from the current Bream Creek range to your nominated delivery address with either Australia Post, Fastway Couriers or a similar delivery provider.

We will contact you prior to each delivery with the details of what wines Fred has personally selected for your shipment, and you be able to amend his selection - if you wish!
