

Bream Creek Vineyard produces premium wines from Tasmania's naturally cool climate and has been rewarded with 20 trophies and over 470 show medals since 1990. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape Schönburger in the southern hemisphere.

## 2012 Bream Creek Pinot Noir

### ***Tasting Note***

Vintage 2012 will be remembered, on the whole, as an extraordinary vintage in Tasmania. Growing conditions were simply perfect and produced wines of outstanding intensity, depth and length.

A bold, powerful example of Pinot Noir. It starts with an intense nose of dark fruits and spices flowing into a palate rich and vibrant with dark plums, black cherries and balanced fine tannins. With excellent balance and length, this wine can be enjoyed now or cellared for 7-10 years with confidence.
