Bream Creek

Bream Creek Vineyard produces premium wines from Tasmania's naturally cool climate and has been rewarded with 20 trophies and over 470 show medals since 1990. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape Schönburger in the southern hemisphere.

2014 Bream Creek "Mosaic" (*frizzante* sparkling)

Tasting Note

More rain than usual and a cold snap in November and December meant that flowering was disrupted, hence yields for vintage 2014 were significantly down across all southern Australian states. However, these lower yields meant that the fruit from that vintage was of excellent quality, with perfect balance between flavour and physiological ripeness.

In what may be a "world first," we have combined our (nearly) Australian exclusive Schönburger variety with the aromatic German grape Gewürztraminer to create a *frizzante* (lightly sparkling) rosé in the style of the Moscato D'Asti wines of north west Italy. Almost golden in colour, it is exuberant, fun and slightly bubbly, with aromas of apricot, orange water and rose petals bouncing out of the glass. Deliberately less "fizzy" than other sparkling wines, it is soft and gently sweet on the palate, with flavours of yellow peach, yellow plum and a touch of spice, yet finishes clean.

Leave contemporary until tomorrow, put Dame Nellie on the stereogram, dish yourself up a generous helping of Peach Melba and let summer flow over you!
