

Bream Creek Vineyard produces premium wines from Tasmania's pristine cool climate and has been rewarded with over 20 trophies and more than 470 show medals since 1990. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape Schönburger in the southern hemisphere.

2015 Bream Creek Reserve Chardonnay

Tasting Note

While yields for vintage 2015 were significantly down across all southern Australian states, including Tasmania, the fruit from that vintage was of excellent quality, with perfect balance between flavour and physiological ripeness.

We last released a Reserve Chardonnay in 2005. Ten years later, we present our 2015 Reserve Chardonnay – a showcase cool climate Chardonnay from fruit grown in Block D at Bream Creek. With complex grapefruit, citrus, green apple and spicy French oak flavours and crisp, bright acidity, it has excellent length and intensity, promising rewards for those who wish to cellar this wine, yet can also be enjoyed now. A powerful wine such as this requires a powerful food match, such as grilled Tasmanian crayfish with a garlic butter or Thermidor sauce.
