Bream Creek

Bream Creek Vineyard produces premium wines from Tasmania's naturally cool climate and has been rewarded with 20 trophies and over 420 show medals since 1990. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape Schönburger in the southern hemisphere.

2015 Bream Creek Schönburger

Tasting Note

While yields for vintage 2015 were significantly down across all southern Australian states, including Tasmania, the fruit from that vintage was of excellent quality, with perfect balance between flavour and physiological ripeness.

This wine has a complex nose of fresh melon and pineapple, rose petal and honeysuckle. The palate is rich, luscious and persistent, with guava and fresh pineapple flavours and a refreshing, clean finish. Whilst ideal with sushi, shellfish, Asian style cuisine or rich cheeses, this rare German variety has the ability to complement an unusually wide range of foods. We consider it our best release of Schönburger to date – regrettably stocks are very limited.

Silver medal Class 12B 2015 Australian Alternative Varieties Wine Show
