Bream Creek Vineyard

◊ T A S M A N I A ◊

Bream Creek Vineyard is one of the pioneers of the modern Tasmanian wine industry. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape variety Schönburger in the southern hemisphere. Since 1990 our premium cool climate wine has been rewarded with 36 trophies and more than 900 show medals.

2019 Bream Creek Schönburger

Tasting Note

The 2019 wine grape vintage in Tasmania was extremely compacted, with a very early finish for us. The vintage produced excellent quality with balanced fruit and acid, although yields were significantly down for certain varieties as a result of the very dry conditions we are still currently experiencing.

This wine, made from a rare German grape, shows its traditional complex nose of lychee, rose petal and musk. The palate is luscious and persistent, with melon, guava and lychee flavours balanced by an excellent line of underlying acidity, resulting in a wine with a refreshing, clean finish. While ideal with sushi, shellfish or Asian style cuisine, this rare German variety can complement an unusually wide range of foods.

Regrettably stocks are very limited, with less than 220 cases produced.
